Hello Mr. Court and everyone,

I'm attaching a PDF of the Efax that I sent to all respondents. To the extent that Steve's "Notice of Appeal" to the trial court ever may have had any significance, it is now a nullity, void and of no effect.

Our contract with Mr. Court was for a \$5,000 retainer. I gave him an additional \$2,000 not because he had earned it but because he said he needed it for personal reasons. The \$1,000 was to purchase a scanner and to setup an Efax account and for other expenses that he might incur. To date, I have never seen an invoice from him.

I am still waiting for the courtesy of the phone call that I requested.
